[b] is refusing to or cannot sign this declaration

Note: Whoever chooses option [a] is obliged to send a scanned copy of the Drivers' Driving license.

If the rental/lease agreement is uploaded, the contravention would be amended on the person who was driving the vehicle at the date, time and place of contravention.*

*If you do not want to do this declaration process for each and every case (especially if you have more than one vehicle licensed in your name and vehicles are used by the same drivers), we suggest that you register on [les.gov.mt](http://les.gov.mt) for e-Services wherein you could specify the Appointed Driver of the said vehicle and upload the Driver's Driving license when creating the appointed driver and consecutively the Vehicle Declaration Form when assigning the said vehicle onto the appointed driver.*

*This declaration has to be uploaded/received within 21 days from date of issue of ticket and can only be done on contraventions which have not yet been settled*
